

Product 564657:Spec 001, A RTW DRS 2.1 L/S Knit Dr:C1 20 Sae-A Dress

Created Date	10/18/2019 12:15 CDT	Source	001 : Sae-A Trading Company Ltd.
Product Name	564657, A RTW DRS 2.1 L/S Knit Dress	Specification	001 : C1 20 Sae-A Dress
Packet Type			

Specification Summary

Specification Stage	Pre-Production	ABO Style	No
----------------------------	----------------	------------------	----

Additional Specification Attributes

Vendor Style #		Product Shrinkage	3%x3%
-----------------------	--	--------------------------	-------

Product General Attributes

Division	READY-TO-WEAR	Adjacency	RTW-READY TO WEAR
Department	018-A NEW DAY	Brand	A New Day
Program Name		Collection Designator	
Material Category	Knit	Design Strategy	Design assist
Product Claims		Number of styles in PID	1
		Comments	

Product Season Attributes

Set Date	02/02/2020	Fabric/Product Calendar	Solid Knit
Design Cycle	2020 C1 Spring		

Specification Internal Comments :

User	Entered On	Comments
Dale.Atkins	07/25/2019 7:27 GMT	7.25.19 TGT TD Comments 1. I measured vendor style: LD201088. Those measurements are on the measurement page. 2. The sample needs a little bit more room in the high hip area.

User	Entered On	Comments
		2. The sample needs a little bit more room in the high hip area. Adjust the waist as needed to get a smooth fit. Adjust the sweep with the hip increase. 3. Increase the bust 1". 4. When you submit the sample, please add a sketch.

Care Label Responsibility

IMPORTANT: Target may furnish, specify or adopt product specifications, performance standards, drawings, product claims, instructions, descriptions and/or other information related to the goods you sell to Target (the "Specifications"). Regardless of the Specifications, **VENDOR IS RESPONSIBLE** for: (1) product and packaging safety; (2) compliance with all applicable laws, rules, regulations, standards, codes, orders, directives, judicial and administrative decisions, and ordinances, of the country of origin, the country of transit, the United States and Canada, any state, province, or other subdivision thereof, and any agency or entity of the foregoing, including all laws relating to packaging and labeling (the "Laws"); (3) accuracy and substantiation of all product and packaging claims; (4) evaluating the necessity for, and creation of, product warnings; (5) providing products and packaging to Target that do not infringe the proprietary rights of any third party; and (6) compliance with all terms set forth on Target's Partners Online system and/or any other system used by Target. In addition, each vendor's products and packaging must comply with any specifications furnished, specified or adopted by Target. If a vendor believes there to be a conflict between Target's specifications and product safety, Laws, or the intellectual property rights of others, the vendor must contact Target promptly to discuss Target's specifications and ensure product safety and compliance with Laws. Vendors are **NOT** relieved from any obligations or liability for any reason or because of any action by Target or any third party including, but not limited to, any of the following: (a) the vendor has received a satisfactory lab test result, (b) Target has conducted testing, (c) Target has accepted or approved the vendor's product, designs, claims, materials or packaging, (d) Target has reviewed claim substantiation, and/or (e) Target has authorized an override of testing protocol or testing results. Target reserves the right to amend its testing protocols and packaging production guides at any time. No subsequent or prior communication between Target and a vendor may operate to modify the obligations set forth in this paragraph, unless specifically agreed to in a writing signed by a Target Vice President or Senior Vice President.

Adult Top/Dress Label Placement	
	Screen or Heat Transfer
	<p>*Center Screen/Transfer label left to right at back neck. Top of screen/transfer to be 1" below neck seam</p> <p>* Fiber and Care Label placed 1" up from top line of stitching at wearer's left side seam</p> <p>* DPCI under Fiber and Care Label</p>
	<p>*See Sketch Comments for placement overrides</p>

*This generic image is for interior label placement only. Follow the style specific image for all details.

Comments Label will be placed to the wearers left of the CB seam
